Two fishermen were adrift on the Pacific for 17 days without food or water; one died and the other was barely alive when rescued.

The body of Sturges E. Jones, former mayor of Roanoke, Va., was found in the Ohio river at Huntington, W. Va. Indications point to suicide.

In a house at Pittsburgh a Polish woman was found dead and her husband and three children fatally injured, the result, it is believed, of a family fight.

Prince Henry, of Prussia, will bring Miss Alice Roosevelt a magnificent present as a recognition of her service in christening the Emperor's yacht.

A new legation building is wanted for Minister Allen, at Seoul, Korea, because he is six feet two inches tall and can't enter the door without ducking.

A Kansas City Southern passenger train was held up near Spiro, I. T. The local express safe was opened, but contained little. The mail car was rifled of registered mail.

J. P. Withers, former president of the American National Bank of Beaumont, Texas, is under arrest at Kansas City, charged with the forgery of \$35,000 in notes and stocks. He denies his guilt.

The Knights Templar's program for the entertainment of Admiral and Mrs. Schley in Louisville on Jan. 30 includes a carriage ride, a lunch at the Pendennis Club, a parade and a reception and ball at the Galt House.

Judge Evans in the United States court overruled motions of counsel for ex-Banker McKnight, of Louisville, for a new trial and for arrest of judgment, rendering a lengthy opinion. He sentenced the prisoner to six years in the penitentiary at Nashville and fined him \$10, adding an additional year to the last sentence imposed.

LAND, STOCK, CROPS, ETC.

Eggs are scarce in Paris, this State, at 40c per dozen.

Lord Derby, Boralma and The Abbott are to meet in a \$20,000 match race.

Five fat, 16-hand, 7 to 8-year-old mules for sale, G. J. Cunningham, Ellensburg, Ky.

Many horses and mules are dying in Warren county from a disease caused by eating bad corn.

Reports from Buffalo are to the effect that the Hammins will dispose of their great stable of harness racers and quit the business.

D. C. Allen shipped to Cincinnati yesterday a car load of hogs he bought at 5 to 5 40, a car load cattle for which he paid 3 to 3 1/2c and a car of sheep and lambs which cost him 3 1/2c for the sheep to 4c for the lambs.

J. M. Walter, of this county, shipped the past year 536 cattle, 3,814 hogs and 3,228 sheep, bought in Mercer, and which brought \$68,085 79. This does not include 1,000 cattle he bought in Anderson county that cost \$40,000.—Democrat.

The Harrodsburg mills bought 3,000 bushels of wheat from Rufus and Henry Vanarsdall and 3,000 bushels at Burgin at 90 cents. Farmers say that wheat is looking fearfully bad. A number tell us that they will plow it up and plant something else on the ground.—Democrat.

For family use in numberless ways BALDARD'S SNOW LINIMENT is a useful and valuable remedy. Price 25 and 50 cents. Penny's Drug Store.

KINGSVILLE.

D. M. Creighton says he wants a voiceless telephone and a "kissophone" since the invention of the photo-telephone.

Mr. G. A. Walter, our popular merchant, is speechless, a temporary affliction we hope, as the result of a severe cold.

Dr. C. M. Thompson has invented a churn of vertical movement, which will make butter within three minutes. The doctor says it can not fail to prove a success and he will apply for a patent.

W. O. Watts, who is digging a well, struck a vein of water which was blood red, says the fluid is clearing so that he may soon be able to use it with impunity. Alas for the hopes of a mineral discovery.

Mrs. C. G. Baker has the millinery business all to herself, her competitor, J. M. McCarty, having retired from the business, and she is proving herself equal to the demands of the feminine public.

S. C. Carter, our one time popular station agent, has returned to Frankfort after a brief visit to relatives and friends here. Mack Williams, former night operator here, was down to see his mother last week.

W. L. McCarty went to Georgetown Tuesday. One of our best citizens, Henry Routen, sold his farm of 15 acres with a good house, at a great sacrifice to W. O. Watts, and with his family will move to Oklahoma.

We are unable to learn why Rev. Allen, of Danville, failed to fill his appointment at the Christian church Sunday last. Eld. Berry, of Henderson, is expected next Sunday to fill his first appointment for the year.

An elegant dinner was served at the residence of J. M. McCarty in honor of himself and bride upon their return from their bridal trip last Wednesday. The deafening celebration of the boys followed, as usual, late in the evening. The groom was generous, however, and the charavari which invariably follows a marriage in this section, was soon over with.

HUBBLE.

Dr. Hickle's school is still increasing in number and interest.

Elder A. R. Moore will fill his pulpit at the Christian church Sunday afternoon at 3:30 o'clock.

B. W. Givens is arranging to put a lot of crushed rock on this part of the Danville & Lancaster pike.

A petition is being circulated and signed, asking the change of the county road from McKechnie's to Carmain's, so as to get it out of a branch.

Some one can get a good reward from Mr. Sloan if they will come and tell him who found his feather beds and clock, lost between Hubble and Stanford a few weeks ago in moving to this community.

Wilson Alexander bought some stock bogs of Tilford Messer at 4c. G. A. Swinebroad bought some hogs of John Spoonsmore at 5c. Eubanks & Hubble shipped their third and last car of mules to Atlanta Thursday. J. J. Walker sold to J. C. Eubanks a pair of mules for \$240. Some parties have sold their hemp to Marksbury, of Lancaster, at \$5 in this community.

James McKechnie is in Waynesburg, working up a land sale. We are sorry to note that it has been decided by the specialists of Louisville that Master Price Curry's eye that got hurt by a cartridge a few weeks back is entirely out, and that Joseph Huffman's little boy who got his eye hurt hacking wood with a hatchet has about lost sight in that eye too. Mesdames George Wood and G. A. Swinebroad are both improving since last writing. C. F. Yeager and wife have moved to their farm in Garrard county. Henry Ball is very sick at this writing.

Tribute of Respect.

In memory of Thomas B. Jennings, who died at his home in Saline, Ala., Jan. 2, 1902, in the 56th year of his age. He died of Bright's disease. He was a member of the Christian church and had been for many years. He was a cousin of the writer, also of Alex Robinson, Joseph Robinson, of Lancaster, and T. J. Robinson, of Hustonville. He was always called Ben and everybody knew him by that name. He was a Confederate soldier and was under John Morgan. He was a kind hearted, good husband and father, and leaves a wife and three children. His mission on earth is ended; his work is done; a Christian man has gone to his reward.

May his wife, children and sisters be prepared to meet him in that land where no parting tears are shed.

S. R. COOK.

An attractive woman thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with beauty. When troubled with a constive habit, she takes a few doses of HERBINE to cleanse her system of all impurities. Price 50 cents. Penny's Drug Store.

MT. VERNON.

J. J. Ping has been appointed police judge of this place.

The town board passed a hog ordinance at its meeting Wednesday. W. T. McClure has been reappointed town marshal.

The machinery of the oil well being put down at Burning Springs, Clay county, is being operated by the natural gas which flows from the hole being drilled.

Assistant Cashier Furnish, of the Mt. Vernon bank, wants to store their surplus cash in coal house nights since the attempt was made to rob the Standard Institution.

The Masonic Journal, of Louisville, mentions two Kentucky Masons as doing good work in Alaska. L. M. Scroggs, of Ashland Lodge, No. 640, of this place, being one of them.

The old fiddlers' contest to take place at Brodhead on the 21st will prove an interesting affair. Nine old bow manipulators have registered their names with the manager, Mr. Tyree, to take part in contest. We bet on Joe Farmer again the field.

Mrs. Kate O'Mara, of Birmingham, John Frazier, of Pineville, and L. M. Frazier, of Louisville, were here at the burial of Mrs. Coyle, their mother, Saturday. Judge John C. Chenault, of Richmond, and William Porter, of Beige, were here Tuesday. The stingiest man Rockcastle ever reported was one who gave away \$10,000 in cash to save paying taxes thereon. This is a fact.

It is so seldom that one of the African race commits suicide that few people hear of it. Mollie Thomas, aged 23, wife of Dick Thomas, whose home is about a mile from town, used a 38 pistol Tuesday morning to wind up her earthly affairs. Her husband had started to town and on reaching a neighbor's heard a shot. On returning to the house he found the woman dead. Two small children were the only witnesses. Coroner's verdict was "suicide." There had been some dissension and quarreling in the family and the woman had threatened to take her life before.

Mrs. Rosalind Nesbitt, formerly of this place, has been appointed principal of the school recently established by the Christian church at Corbin. They started out the first of the year with 80 pupils, with three teachers. They are using a rented building, but propose to put up a college building of their own during this year. Mrs. Nesbitt was here Saturday in the interest of the school. She will visit the various communities to solicit aid in the work. The board of trustees includes the names of the leading business and professional men of Corbin, Woodbine and other points.

Some of the boys here tried a gold brick game on a young Mr. Sauley, a visitor from Stanford. It didn't work.

Mr. S. had been around some himself. Dr. Myers now occupies the new brick dwelling of Fritz Krueger on West Main street. Mrs. H. F. Fish has rented the dwelling on corner Poplar and Williams street. In the death of Lee Porter, Rockcastle loses one of its best citizens. Miss Cora Sloan was visiting her sister, Mrs. W. B. Smith, at this place. School Superintendent Ballard has moved to Mt. Vernon. Deputy Collector Short was here Wednesday. The writer has been confined to his house for the past 12 days with a severe cold or grip. Mrs. Lou Liford has bought the Judge Colyer place, just West of town, of Dr. Williams, for \$250.

Mrs. Georgia Ann Coyle died Friday night of paralysis. She was a woman having many excellent traits of character and was universally admired and respected by all who knew her. She leaves three daughters and two sons: Mrs. Mollie Miller, Mrs. Julia Davis, Mt. Vernon, and Mrs. Kate O'Mara, Birmingham, Ala.; John Frazier, of Pineville, and L. M. Frazier, of Louisville.

Mrs. Coyle was a sister of M. J. Miller and Mrs. J. J. Williams, of this place. Away back when the California gold fever broke out she, with her husband, Dr. Frazier, went to the Golden State via Panama, crossing the Isthmus on the backs of burros. After a few years stay they returned by the same route to old Kentucky and later located on a section of fine land in Fayette county, Texas, long before any railroads were built in the State. They left that State after a few years' residence and returned to Kentucky. The flourishing town of Schubelburg, 7,000 inhabitants, is located on what was Dr. Frazier's land. The Southern Pacific road runs through the town. The writer was on the premises in '75 when there was only the ranch buildings on the grounds. When the writer was on his way to Texas in December, 1872, two of Mrs. Coyle's children were on the train going to Paducah, via Elizabethtown. (While at Lebanon Junction we saw the boat that was cut that morning from the crushed foot of Lee Tate, who was a brakeman. Mr. Tate is now our sheriff.)

Phil and Nettie Peters in the "New Buffalo" will appear at the Garrard Opera House Monday night, Jan. 20, with fine credentials to produce a good show.

The Garrard County Medical Association will meet here on Friday, 24, at the Garrard Hotel when a number of doctors will read interesting and instructive papers.

Two lots are reported sold by J. M. Duncan, lying just beyond the Stone property. One was bought by F. B. Kemper and rock is being hauled for the foundation of a residence.

Miss Sprinkles, age 17, and Logan Thompson, both of the Preachersville section, will be married Tuesday at the home of the bride's parents. The to-be-groom is a son of Jopp Thompson.

County Clerk Doty is somewhat puzzled at the dearth of marriages since he went into office. Only one license has been issued by him, while other places, such as Williamsburg, report 13 in five days.

The Misses Wallace entertained Monday evening in honor of Misses Chenault, of Richmond, and Christine Bradley, of this place. Miss Frankie Doty gave a masquerade party Wednesday evening.

Editor Louis Landram has been in Louisville this week, leaving Mr. Tribble at the desk. Miss Hattie Robertson has returned to her home in Cynthiana. Miss Maggie White is at home again after a visit to Mt. Vernon.

Mr. Wade Walker, of Richmond, a former resident of this county, has moved back to his old home near Paint Lick. Mrs. Anderson and daughter, Mrs. Bettie Landram, will occupy one of the Cunningham houses on Depot Street.

Miss Alice Saddler and John Johnson, recently of this place, were married Wednesday in Louisville. Elder George Gowen officiating. The bride is a niece of Mrs. W. T. West and the groom was for years a clerk in Robinson's hardware store.

The Continental Kettle Drum, the entertainment to be given by a number of the young people for the benefit of a city library, is advertised for Friday night, 24th. The quaint costumes of Revolutionary days, the dignity of the Colonial dames and the brightness of a Gypsy camp, promise to make an attractive little drama.

Lancaster doffs her hat to Stanford at the prospect of furnishing a successor to Congressman G. G. Gilbert. But at the same time let it be understood that all the laurels will not belong to Lincoln, as the Hon. R. C. Warren is not altogether a Stanford product, for the "better half" is indisputably of Garrard origin, Mrs. Warren being a daughter of Dr. and Mrs. B. F. Duncan and a sister to Mesdames Bradley and Gill, of this city.

REMARKABLE CURE OF CROUP.

A LITTLE BOY'S LIFE SAVED. I have a few words to say regarding Chamberlain's Cough Cure Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle from A. E. Steere, of Goodwin, S. D. and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed, every 10 minutes, until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—Joel Demont, Inwood, Iowa. For sale by Craig & Hocker, druggists.

THE following statement, signed by S. H. Shanks, president, and J. B. Owsley, cashier, was handed us for publication: "The determined effort to burglarize the safe of the Lincoln County National Bank, Stanford, Ky., by use of the most powerful explosives known to the cracksmen, resulted in a complete failure to open our safe and they did not get one cent of the bank's money. The officers will be inconvenienced for a few days, but the business will continue without interruption."

BUFORD—Will Buford, well known in this county, died at Topeka, Kan., a few days since of typhoid fever, Eld. J. G. Livingston informs us.

THE stockholders of the Lincoln County National Bank elected the following directors for the ensuing year: S. H. Shanks, J. B. Owsley, J. B. Paxton, George W. Carter and Walter O. Walker. The First National directory elected is as follows: F. Reid, S. T. Harris, J. S. Hocker, W. P. Walton, J. H. Collier, M. D. Elmore, J. H. Baughman, S. H. Baughman, T. P. Hill and James Robinson. The directors of both banks held meetings later and re-elected the officers now serving.

ATTEMPTED BANK ROBBERY.—As stated in our extra issued at 7:30 Wednesday morning a daring attempt was made to rob the Lincoln County National Bank early that morning, but fortunately the safe in which the money and valuable papers are kept proved itself burglar proof and the scamps had their work for naught. Entrance to the bank building, which is under the INTERIOR JOURNAL office, was effected by prizing up one of the windows on Lancaster street and it is believed that either dynamite or nitro-glycerine, or probably both, were used in breaking into the vault doors and in their work on the safe. Both the vault doors and the safe doors were badly demolished and it is more than likely that a new safe will have to take place of the old one. As the clock in the bank stopped at 2:35 and an explosion was heard as late as 3:55, it will be seen that the would-be burglars worked long and manfully. It is supposed that the first explosion stopped the clock. The explosions were heard by a number of people, but very little attention was paid to them. John Hayden, night porter at the St. Asaph Hotel, heard all of them and phoned to central in order to get the water works to have the street lights turned on, but got no response. Manager Wray says a number of calls were answered between 2 and 4 o'clock, however. Jailer Isaac Herrin heard the explosion and thought his prisoners were breaking jail, but an investigation proved that he was mistaken and he returned to his bed. Mr. J. M. Alverson, of this office, also heard several explosions, but could not locate them by sound. Several people saw a double rig driving rapidly out East Main Street about 4 o'clock on the morning of the robbery, but it is generally believed that if the work was done by experts, which is doubted, the crooks left on a freight which passed about the right time. Many think the attempted burglary was committed by local parties and a strenuous effort is being made to place the guilt where it belongs. Mr. John W. Wallace, the blacksmith, found considerable difficulty in opening the safe with chisels, crowbars, etc., but after hard work succeeded in doing so. A good deal of the paper money was torn up as if mice had been at work on it, but Dr. Owsley thinks there will be no trouble in getting Uncle Sam to redeem it. \$17,000 in cash and many papers of value were in the safe. The banking office was crowded all day Wednesday by people who had come to see the work of the bold rascals. In fact it drew better than the average show does. A meeting of the directors was called early in the morning and a reward of \$500 was offered for the arrest and conviction of the person or persons who broke into the bank. The bank is using the First National Bank's safe for its money at present, but a guard is kept at the Lincoln Bank's office each night, as there are many books and papers of value in the vault. The business has made hard work for the officials of the bank, who already had their hands full.

The tools used were stolen from J. H. Greer's blacksmith shop and his building was entered by a window. Mr. Greer says that he could not have found the tools at night himself and that he is satisfied that somebody who knew the premises had a hand in the attempted robbery.

Dr. E. J. Brown, returning from a call on a patient, passed by the bank about 2 o'clock Wednesday morning, but saw nobody there nor thereabout.

WANTED.—To loan \$1,000. Address lock box 192, Stanford.

FOR RENT.—Either of my two residences on West Main Street. W. P. Walton.

SOCK some coal if you need it. We won't carry a large stock this year. J. H. Baughman & Co.

Jailer Isaac Herrin heard the explosion and thought his prisoners were breaking jail, but an investigation proved that he was mistaken and he returned to his bed. Mr. J. M. Alverson, of this office, also heard several explosions, but could not locate them by sound. Several people saw a double rig driving rapidly out East Main Street about 4 o'clock on the morning of the robbery, but it is generally believed that if the work was done by experts, which is doubted, the crooks left on a freight which passed about the right time. Many think the attempted burglary was committed by local parties and a strenuous effort is being made to place the guilt where it belongs. Mr. John W. Wallace, the blacksmith, found considerable difficulty in opening the safe with chisels, crowbars, etc., but after hard work succeeded in doing so. A good deal of the paper money was torn up as if mice had been at work on it, but Dr. Owsley thinks there will be no trouble in getting Uncle Sam to redeem it. \$17,000 in cash and many papers of value were in the safe. The banking office was crowded all day Wednesday by people who had come to see the work of the bold rascals. In fact it drew better than the average show does. A meeting of the directors was called early in the morning and a reward of \$500 was offered for the arrest and conviction of the person or persons who broke into the bank. The bank is using the First National Bank's safe for its money at present, but a guard is kept at the Lincoln Bank's office each night, as there are many books and papers of value in the vault. The business has made hard work for the officials of the bank, who already had their hands full.

As the clock in the bank stopped at 2:35 and an explosion was heard as late as 3:55, it will be seen that the would-be burglars worked long and manfully. It is supposed that the first explosion stopped the clock. The explosions were heard by a number of people, but very little attention was paid to them. John Hayden, night porter at the St. Asaph Hotel, heard all of them and phoned to central in order to get the water works to have the street lights turned on, but got no response. Manager Wray says a number of calls were answered between 2 and 4 o'clock, however. Brothead.

Dr. Percy Benton bought a saddle horse of Mr. Brown for \$70.

Rev. Steener is conducting a series of meetings at the Methodist church this week.

Mrs. Ell Dunn has just returned from an extended visit to relatives and friends in Garrard.

Rev. J. W. Masters, of Corbin, State evangelist for the prohibition alliance, delivered a very able lecture at the Methodist church last Tuesday night, and succeeded in organizing a prohibition alliance lodge at this place.

Brothead promises to give one of the most interesting old fiddlers' contest ever witnessed here, and all are cordially invited to attend it, for some great men have been fiddlers and some great men could not play at all.

The mistletoe once said: "He could not fiddle, but he could make a small town a great city;" and this contest will be like a city's contest, except the admission fee will be only 25c. It is said that Nero fiddled when Rome was in flames; so Brothead will have some fine lights the night of the contest, which will be Tuesday, 21st. There will be quite a number of contestants for the prizes, which will be \$10 to first and \$5 to second.

The following gentlemen have already entered: Dr. I. S. Burdett, H. G. Howard, Fount Tyree, James Sowder, Joe Lunsford, Willany Singleton, John Anglao, J. B. Farmer, Larkeen Hicks, all of Rockcastle county; Willis Carter, of Pine Hill, and Ebb King, of Crab Orchard, it is said will be on hand, and the proprietors are expecting others from Lincoln and Garrard counties. It will be a free and open fight for all.

The U. S. Civil Service Commission

will hold examinations at several places in each State during March and April, to secure young men and women for the government service. 9,889 persons secured positions last year through these examinations. Probably 10,000 appointments will be made this year.

All appointments are for life and for most positions only a common school education is required. Salaries at appointment vary from \$600

to \$1,200 a year with liberal promotions afterward. Politics is not considered.

There is less competition in the Southern States than in other parts of the country. This affords a good opportunity for people between 16 and 45 years of age.

Those desiring places of this kind can get full information about them free, by writing to the Columbian Correspondence College, Washington, D. C., and asking for its Civil Service catalogue, No. 3.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which is rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Get Green's Special Almanac at Penny's Drug Store.

A GOOD RECOMMENDATION.

"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa.

What better recommendation could any medicine have than for people to call for it when again in need of such a remedy?

Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by Craig & Hocker, druggists.
